OUR GROWTH

E Established in 2018, the overall turnover of BUYAMBE entirely related to engineering increased by 666% approaching 800 million TZS by the end of the year 2019. In 2020, the projected turnover was surpassed by 50% recorded an annual turnover of 2.1 billion which is equivalent to 173% increase in annual turnover. In 2019 the turnover increased by 5%, while the year 2020, the annual turnover increased by 46%, in 2017 the annual turnover rose to 5.1 billion which translates to 75% increase. In 2018 annual turnover decreased to 4.6 billion which is equivalent to a decrease of 9%. Apart from a tough and competitive condition in reference markets in 2020 BUYAMBE Annual turnover increased to 5.1 billion which equal to the increase of 11% from the previous year. Apart from all of that BUYAMBE still has maintained an exponential growing turnover level, delivered positive net cash flow and produced increasing operating net profit. The project turnover in 2020 is expected to be in excess of 6.1 billion [21% increase].

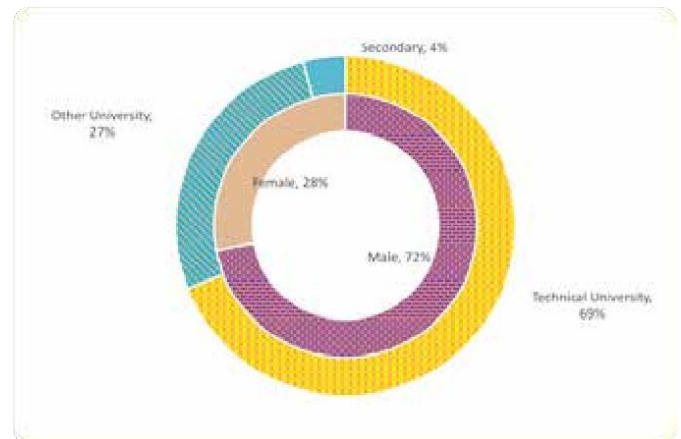

Team

People are our most valuable asset, BUYAMBE offers its clients a competitive team of experts passionate and driven to make the difference. More than 85% of our professionals hold university degrees in the all-relevant fields of the company activities.

BUYAMBE looks with continuity at the latest learning, updating and training opportunities for a human resource, devoting with excitement and belief part of the income for the implementation of training and research program on the core business of the company.

The outcome is result-oriented experts, continuously investing in their skills to maximize the quality of the rendered services, while creating viable advanced engineering solutions that assure the client's maximum success and return on investment. Despite of the growing number of professionals working within BUYAMBE, the team turnover rate has remained for years below 5%, granting continuity and consistency of response and quality delivered to the clients. We hold the record of having the lowest employee- turnover among our peers of consulting firms. We understood early on that a satisfied professional is an asset that makes a satisfied client. The work force distribution by education, gender and the number of staff permanent staff are shown in figures below.

SCOPE OF SERVICES

BUYAMBE INVESTMENT CO.LTD is a Tanzania container and cargo, Import and Export Transport and Logistics, Clearing and forward. The various activities undertaken by the firm are divided into the following departments:

1. CONTAINER AND CARGO

- a. Lo Cargo
- b. Container Package Cargo
- c. Tank container: Tank containers are used for transporting liquids or chemicals
- d. Flat rack containers are used for transporting goods with unique dimensions. This is possible because a flat rack container has no sides

2. TRANSPORT AND LOGISTICS

When it comes to time to market and cost-effective supply chain systems, optimized logistics platforms are key-performance drivers. Space utilization, leaner and automated processes, enhanced picking and shipping operations are some drivers for efficiency

Shorter product life cycles make planning for demand fluctuations troublesome. Agile and scalable warehouse management should use timely and accurate information not only to monitor inventory accuracy but also to adapt to fluctuations in demand.

3. IMPORT AND EXPORT

Compliance and Total Quality Assurance of your shipments with the expertise of Intertek. Focus on selling your products to your target import and export countries. BUYAMBE INVESTMENT provide assurance for consumers, brands and companies that products comply with the importing countries regulatory standards.

4. CLEARING AND FORWARD

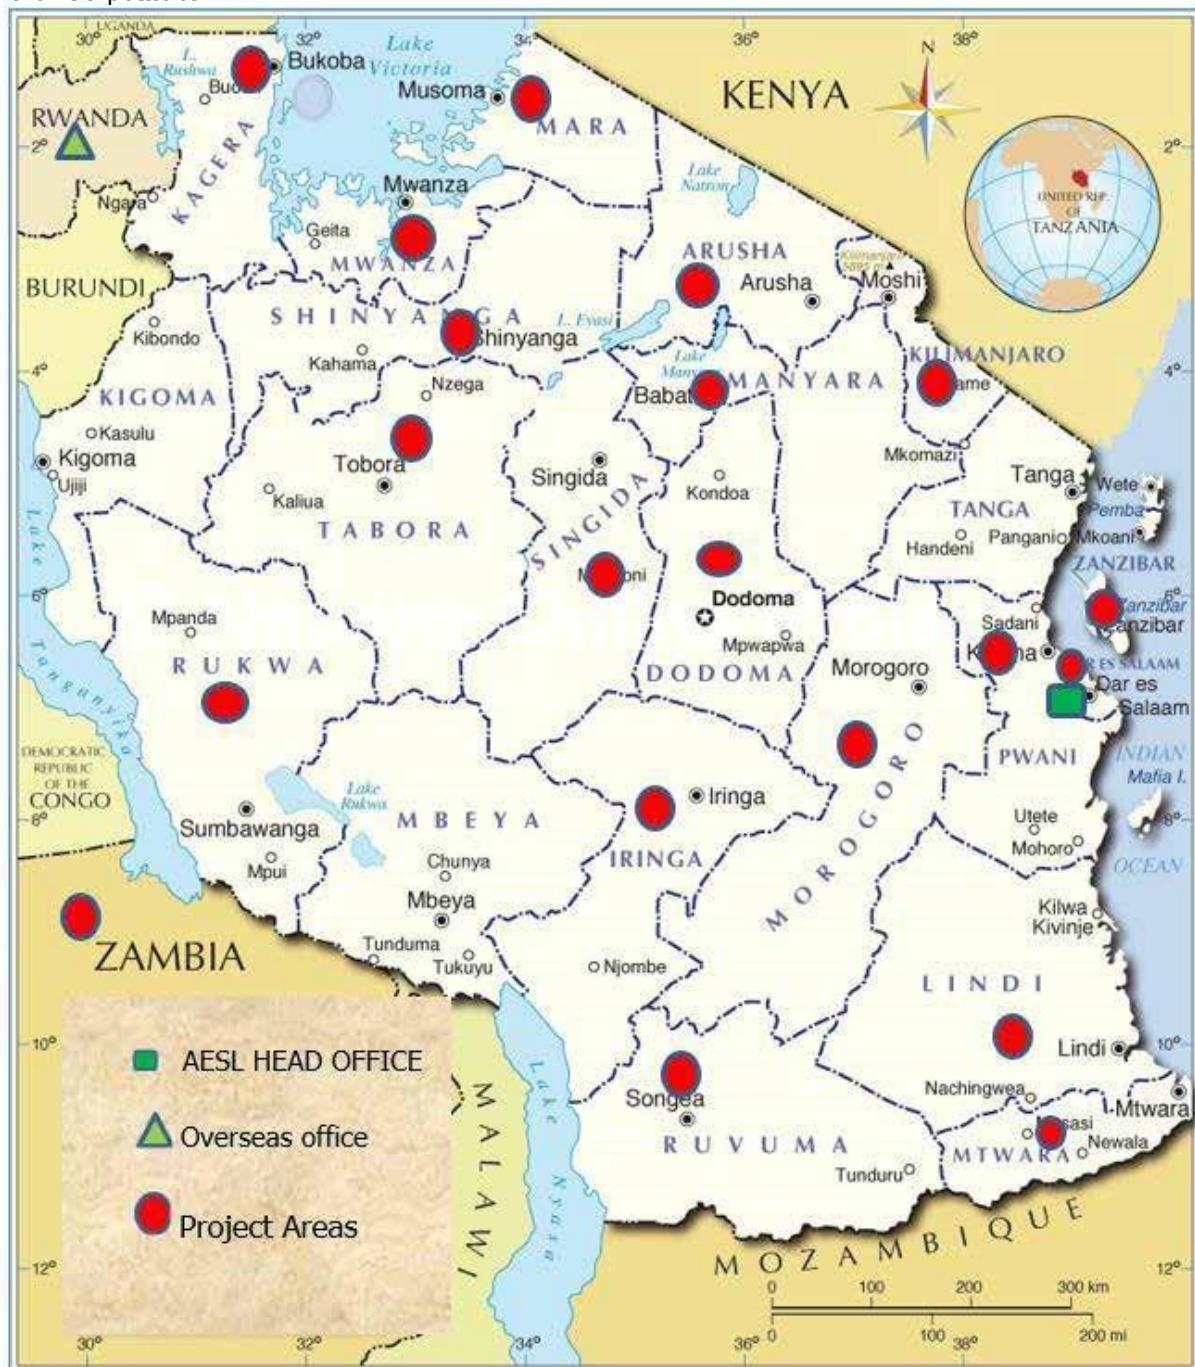

BUYAMBE INVESTMENT CO.LTD Clearing & Forwarding Company Limited was established in 2018, under the Companies Ordinance (Cap 2002), with the objectives of providing the best services in clearing and forwarding operating in import and export business internationally.

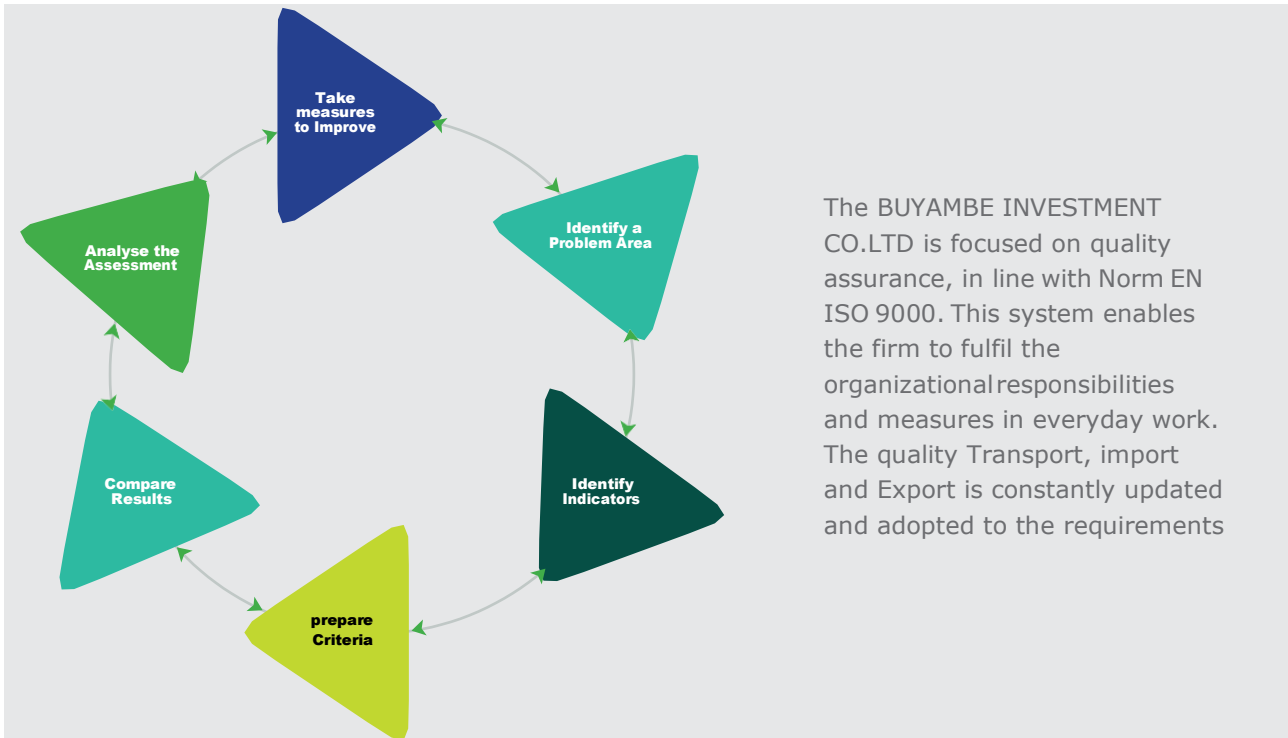

To maintain the high standard of professional services it offers, BUYAMBE employs highly qualified personnel, all members of their respective societies or institutes. There are permanent staff who are operating at the headquarter office in Dar Es Salaam – Tanzania. BUYAMBE also employs staff on ad hoc basis ranging from 45-60 depending on the number of the projects in hand.

During the period of growth, BUYAMBE broadened its range of professional services to meet the growing demand. The Multi-Disciplined project teams comprising of more than 50 professionals

Allows BUYAMBE to organize and manage from study stage straight through design and construction to satisfactory handing-over. BUYAMBE is familiar with local laws and regulations, material resources, regional and cultural problems, modus operandi of different Ministries in operation of projects comes handy to the project’s management and team members; this makes the operation and execution of the project in Tanzania to be easy and tenable. To ensure impartiality to its clients’ professional status, BUYAMBE strongly adheres to the Transportation code of ethics and maintains an independent status.

QUALITY CONTROL

The company quality management system consists of the following elements.

Quality assurance system managed by BUYAMBE

A. TARGETS

BUYAMBE INVESTMENT CO.LTD has focused targets, to capture the market in the new development zones. and well parentage of business in the upcountry side where transportation sector is booming.

STAFF AND ORGANIZATION STRUCTURE

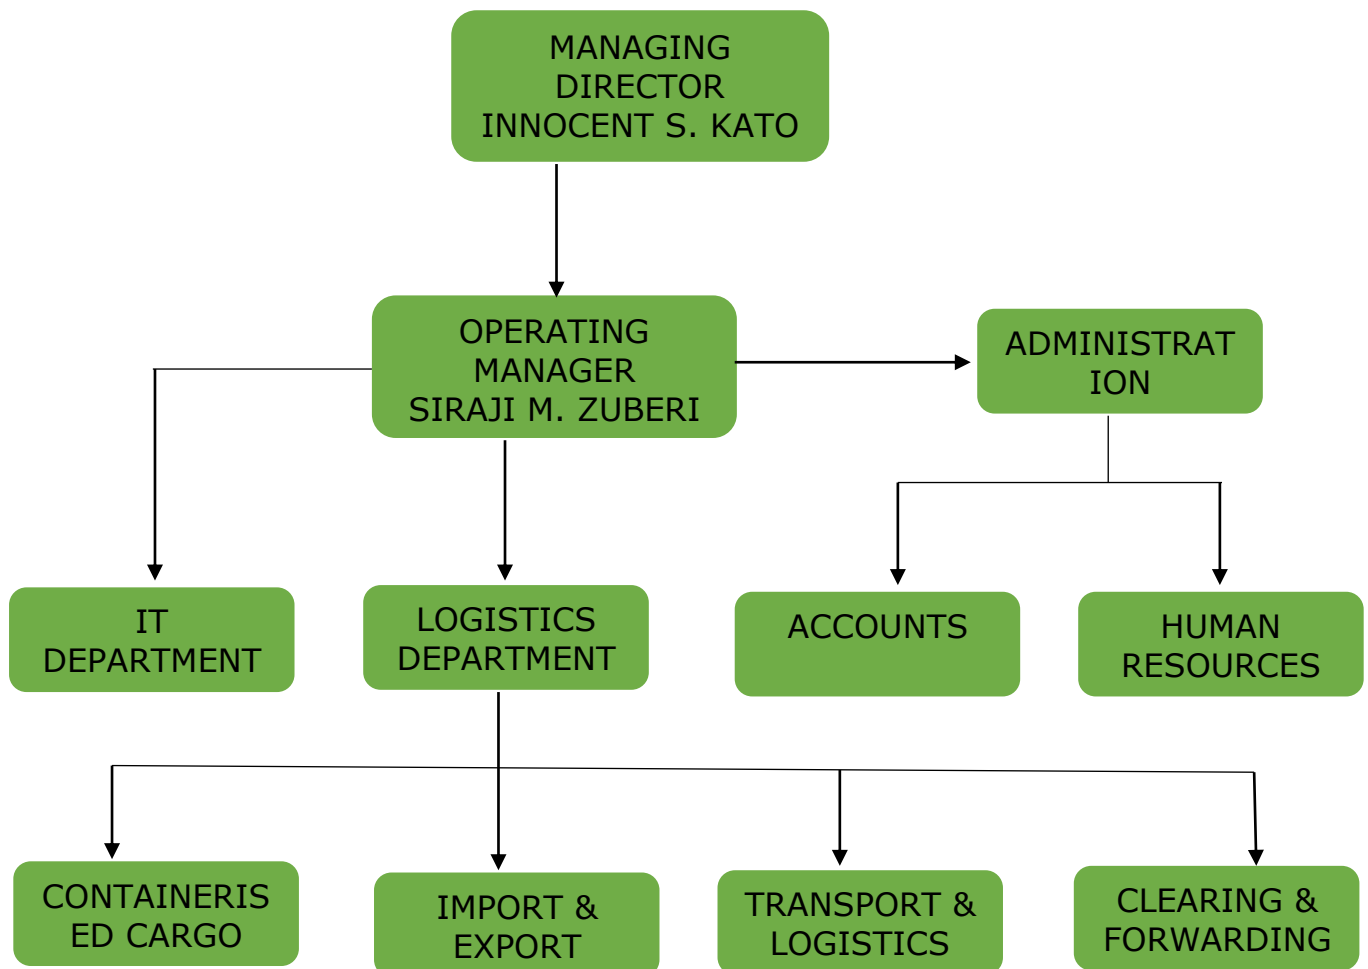

The firm activity over the years has grown into multidisciplinary organization to meet the needs of public and private clients within Tanzania, focusing on project management, container and cargo, Import and Export Transport and Logistics, Clearing and forward is a key part of all services to customers and comes not only from the strong technical base but also from the business-based approach and from the collaborative one.

The Buyambe provides services pertaining to consultation, investigation, preparation of economic report and technical reports, design, design review, contract administration and supervisions of civil and water works.

BUYAMBE offers its clients the benefits of its advanced technological services in all facets of technical deliverables. Our long-term staffs are assigned to projects taking full account of their familiarity with the specific type of work, their experience in the region or similar areas and their previous work

with other members of the team. Periods between assignments are spent in the head office or one of the regional offices to update individual technical expertise and give feedback to head office on project support.

A very important feature of BUYAMBE is that all management and senior staff have lived and worked in East Africa for a substantial part of their careers. This ensures a real understanding of conditions in the field and adequate language capacities, facilitating effective relationship with project team memb
